Guided Eco Experience Golf Cart Tours

Every Day

Cost \$ 20 p/p

**Kids under 10 year free
Adult must drive the cart**

Reservation: 2683-0294

ASOPROLAPA, was born at the end of 1996 with the following purpose: "To assure the survival of the Red Macaw through a program of controlled reproduction under captivity, on the Nicoya Peninsula".

The breeding place is situated next to the Barceló Tambor Beach Hotel on an area of approximately 2.5 acres including the Reproduction, Breeding, Quarantine, and Environmental Education Areas, with access to the public.

It represents in its first phase, being a conservationist project.

After 10 years of experimenting and field work, we got to establish the first group of birds belonging to the third generation, properly rehabilitated to be liberated.

This is how ASOPROLAPA reaches the second phase of the project and starts its labor on the preservation and ecological enrichment of the Nicoya Peninsula.

On February 16 2007 the first 10 red macaws were liberated in Los Delfines Golf & Country Club. This past March 2009, our organization just liberated 30 Macaws more from the Pre-liberation Area at Los Delfines Golf and Country Club

By today Los Delfines Golf & Country Club counts with a population of 72 Red Macaws in freedom.

We check the progress of the birds that have been released on daily basis, which have shown their ability to use the area's resources in an effective way. We have planted about twenty different species of trees to make it easier for the birds to find their naturally food and favorite refuges to rest and play, and we have even worked on the building of artificial nests, some of which have been already used by some of the birds.

But our work does not end here; our goal is to get to release a total of 200 birds to establish a biologically viable population!

Venado Cola Blanca

Others common names: Ciervo de Virginia,

Scientific name: *Odocoileus virginianus*

Howler Monkey

Others common names: Mono Congo, Mono Aullador

Scientific name: *Alouatta palliata*

Squirrel

Others common names: Ardilla

Scientific name: *Sciurus variegatoides*

Hérons

Others common names: Garzas, Chichicuilotes

Scientific name: *Bubulcus ibis*

Roseate Spoonbill

Others common names: Espátula Rosada, Garza Rosada

Scientific name: *Ajai ajaja*

Rana Verde

Others common names: Rana Calzonuda

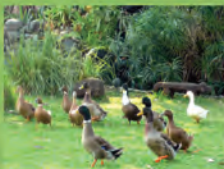

Scientific name: *Agalychnis callidryas*

Golden Pheasant

Others common names: Faisán Dorado, Faisán

Scientific name: *Chrysolophus pictus*.

Carraco

Others common names: Pato Carraco

Scientific name: *Anas platyrhynchos*

Snakebird

Others common names: Pato Aguja

Scientific name: *Anhinga anhinga*

Guinea Fowl

Others common names: Gallina de Guinea

Scientific name: *Numida meleagris*

Common Black-Hawk

Others common names: Aguillilla Negra o Gavilán

Scientific name: *Buteogallus antracinus*.

Black-Bellied Whistling-Duck

Others common names: Guichiche, Piche, Pichiche

Scientific name: *Dendrocygna autumnalis*.

Double-Striped Thick-knee

Others common names: Alcaraván Dara

Scientific name: *Burhinus bistriatus*.

Southern Caracara Cargahuesos

Others common names: Quebranta Huesos

Scientific name: *Carara plancus*.

Iguana

Others common names: Gallina de Palo

Scientific name: *Iguana iguana*

Muscovy Duck

Others common names: Pato Real

Scientific name: *Cairina moschata*.

Pizote

Others common names: Pizote

Scientific name: *Nasua narica*

Northern Jacana

Others common names: Cirujano, Gallito de Agua, Mulita

Scientific name: *Jacana spinosa*.

Orange - Chinned Parakeet

Others common names: Catano, Zapoyolito, Perico

Scientific name: *Brotogeris jugularis*

Little Blue Heron

Others common names: Garceta Azul o Garza Azul

Scientific name: *Egretta caerulea*.

Guanacaste (National Tree of Costa Rica)

Others common names: Guanacaste

Scientific name: Enterolobium cyclocarpum.

Matapalo

Others common names: Mata Palo

Scientific name: Ficus mathewesii

Pochote

Others common names: Pochote

Scientific name: Bombacopsis quinata.

Malinche

Others common names: Acacia

Scientific name: Delonix regia.

Guácimo

Others common names: Guácimo

Scientific name: Guazuma ulmifolia.

Carao

Others common names: Carao

Scientific name: *Cassia grandis*.

Golden Shower Tree

Others common names: Caña Fistulea

Scientific name: *Cassia fistula*

Royal Palm Tree

Others common names: Palma Real

Scientific name: *Roystonea regia*.

Roble de Sabana

Others common names: Roble de Sabana

Scientific name: *Tabebuia rosea*
